Magyarország	
Terület	93 022,6 km²
Teljes népesség	9 599 744 fő
Népsűrűség	103 fő/ km²

Várakozás és a valóság

PROMOTING CREATIVITY, CRITICAL THINKING AND PROBLEM-SOLVING IN THE CLASSROOM

10 QUESTS!

1. Create something for the instructor to wear, such as a hat or tie (5 points; 5 points if the instructor actually wears it)
2. Make a list about some things unique about each person of the team (1 point per every thing mentioned)
3. Sing a song together for at least 30 seconds and record it in a video (15 points)
4. If each of you were a historical character, who would you be and why? (15 points)
5. Think about a piece of art that you all know: represent it with all your bodies and take a picture of it (2 points per every person included the picture)
6. Mime a famous character (fiction or real) for the instructor to guess (15 points)
7. Create a portrait of the group in which each person is somehow represented (10 points)
8. Create a riddle for another group to guess (10 points for the riddle, 5 points if it rhymes; 3 points if the other group guesses)
9. Crazy 8s math riddle! Use eight 8s and only additions to get the number 1,000 (10 points)
10. Bonus task: ask it to the instructor (10 points)

Kooperatív tanulás - együttműködés
Outdoor activity

“GREEN SKILLS FOR EDUCATION: PROMOTING ENVIRONMENTAL AWARENESS AND SUSTAINABLE ACTIONS IN THE CLASSROOM”
